

DID YOU KNOW?

Unused or expired prescription medications are a public safety issue leading to:

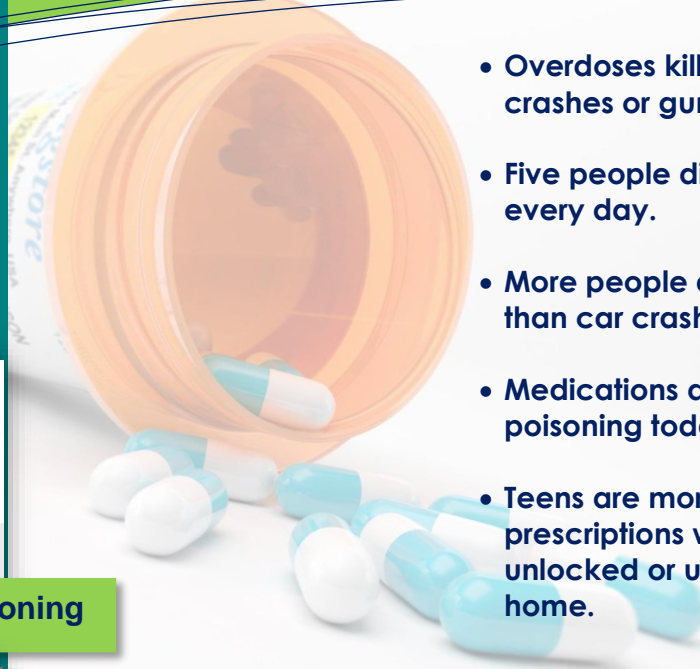

Accidental Poisoning

Misuse and Abuse

Overdose and Death

- Overdoses kill more Americans than car crashes or gun violence.
- Five people die from opioid overdoses every day.
- More people die from opioid overdoses than car crashes.
- Medications are the leading cause of child poisoning today.
- Teens are more likely to misuse prescriptions when medications are in unlocked or unsecured locations in the home.

PREVENTION IS KEY!!!
